Musso ordered protection of workers' leaders in factories.
Musso is trying to show that Badoglio is more
reactionary than he is -- really seized the power to
perpetuate monarchistic Fascism.

Our fiend urges us to set up a carte d' identite
factory since we will also need hundreds for Germany
later and will never be able to get them from any German
consulate. Will try to get a printer to put out a lot
of blanks. The printer would CLAIM he thought the order
was given by the Italian consulate General. Suggests
these be filled out and stamped by someone who is given
a little set-up in an extraterritorial building, and who
makes a collection of the latest novelties in the way
of papers -- as for example being informed of innovations
by people like Bringolph in his capacity of chief of
police of Schaffhausen.

This, he says, is what the Russians do.

is curious as to the channel by which Modigliani
gets messages from and to Anty and Monty -- often almost
duplicates of the ones he gets. Modie published an
exchange of such messages in the Stampa del Ticino
recently.
