The Italian Socialist Party of Proletarian Unity is a member of the Committee, and, together with the other five parties, approves of its program. The socialist party, which is a product of the socialist conscience of the country and is the exponent of the Italian working classes, intends to continue on the glorious path of Italian and international socialism, pledging itself to the gigantic task of post-war reconstruction, which it believes should be placed on a socialistic basis.

Its political theories will be linked to the old socialistic ideals, and will be adapted to the new conditions arising from the present universal crisis and from the resurrection after 20 years of fascist ~~annihilation~~ oppression.

The ~~Italian~~ Socialist party does not shirk from the fight of liberation and from the ~~Italian~~ duties of anti-fascist solidarity, and is ready to give a positive proof of its ideals. It counts on the solidarity and brotherhood of the international socialist movement and on the brotherly help of the free ~~Italian~~ Italian communities abroad.
